Join us this summer as we follow in the westward-bound steps of famous explorers Merriweather Lewis and William Clark—the first United States company to venture to the Pacific coast and back. The trek was a success in increasing knowledge and opening doors for western settlement though many challenges were faced along the way.

Our expedition begins this summer at Wolf Mountain! Pioneer the unknown using Lewis & Clark's own journals and work toward ultimate victory throughout the week to discover if you can successfully follow the guide.
