

# WOLF MOUNTAIN

## **Adult & Family Camp Cabin Assignments**

Please fill out the cabin assignment sheets and email the completed pdf to your camp coordinator. Specific cabins in use will be distributed to you upon arrival.

### **Guidelines**

- Individuals staying in the same cabin must be the same gender, except for family groups.
- We recommend 6 people per cabin for adult camps if possible, allowing top bunks to remain open. If housing by families, please limit to 1 family per cabin.
- Please consult with your camp coordinator if your group exceeds your contracted cabins. If more cabins are not available, each cabin may fill to the maximum to accommodate a group.
- Requests for private cabins beyond the contracted cabins may be provided for an additional cost, if available.
